SECOND AND SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

COMMISSIONER FOR PATENTS
P.O. Box 1450
Alexandria, VA 22313-1450

S I R :

This supplements the INFORMATION DISCLOSURE STATEMENT filed June 20, 2005 in which the Form PTO/SB/08A identified all of the references cited in the International Search Report of WO 2004/056886 A1 which is the 18-month publication of British Patent Application No. GB 0229684.6, filed December 20, 2002. Because this is a national phase PCT, copies should have been provided by the International Bureau. However, to ensure consideration, copies of these references are enclosed herein.

In addition, annexed hereto are copies of publications cited in a search report issued in the British patent application from which the present application claims priority.

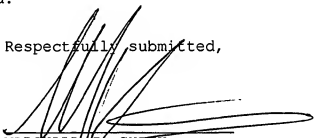

Copies of U.S. patent documents identified on said form PTO/SB/08A are not enclosed herewith since the USPTO waived the requirement to file copies of U.S. patents and U.S. patent application publications.

This IDS is being filed within three months of the filing date of this application. Furthermore, a first action on the merits has not yet been received in this application. Therefore, no fee is required. However, if it is determined that a fee is required, authorization is given to charge any additional fees to Deposit Account No. 06-1378.

It is requested that the publications be considered with respect to the patentability of the present invention and that an initialed copy of the enclosed Form PTO/SB/08A be returned to applicants to indicate that such publications have been considered and made "of record."
